MarS a.s. is proud to offer a complete range of reserve canopies.

Our many years of experience in the production of parachutes and parachute equipment provide you a first-class quality guarantee.

Our goal was clear. To provide our customers with the reserve canopy that had the ideal balance between fast opening, good flight performance and soft landing. We can happily say what we succeeded, thanks to proven seven-cell or nine-cell design, first-class materials and high-quality workmanship.

- Proven quality from the Czech Republic since 1992
- A rescue you can rely on in every situation
- Fast opening
- Stability
- Soft landings
- Seven-cell design
- Nine-cell design
- Certified TSO C23d
- Air permeability of canopy fabric is 0-0,5 CFM
